MAYOR'S BUDGET MESSAGE

To the Members of the Albany Common Council:

With each budget I have presented, my continued goal has been to provide our citizens with the highest quality of services with as minimal an impact as possible on our taxpayers. Toward this end, over the years we have made significant cuts to our workforce and have put into place operational efficiencies that often have allowed us to do more with less. But this year, in preparing our 2011 budget, we faced, as I predicted last January in my State of the City address, a “financial tsunami.”

To begin with, our State PILOT on the Empire State Plaza fell by almost \$8 million; our State AIM funding was reduced - since 2009, we’ve lost over \$8 million in scheduled AIM funding; and, our State pension contribution increased by nearly \$3 million. These increases are in addition to increases in employee health insurance premiums, and in utility and operating expenses, and decreases in sales tax revenue and landfill income.

For some perspective, in 2001, our budgeted pension contribution was \$350,000. Today, it is nearly \$13 million. Our employee health insurance contribution was \$13 million; today it is over \$25 million.

To deal with these financial challenges, I am presenting to you a budget that contains significant cuts in personnel, in programs, and in operating expenses in virtually every City department. All of these cuts, particularly in personnel, were difficult. But in the face of a nearly \$23 million budget shortfall, our options were limited and my overriding concerns were to insure public safety and to not overly increase the burden on our real property taxpayers. I believe this budget achieves those goals.

Notably, this budget proposes cutting 157 full, part-time and seasonal employees, cutting operating expenses by nearly \$3 million, and reducing total expenditures from the prior year. Again, no raises have been scheduled for City employees – for our nonunion workforce; this will be the third consecutive year no raises have been scheduled. Also, we have proposed using \$6.1 million of our fund balance, and \$5 million of our debt reserves to help close the budget shortfall of \$23 million to \$1 million, the amount by which we’ve increased our real property tax levy. For our residential property owners, this will mean an approximate 2% property tax increase in addition to the homestead/non-homestead property tax adjustment. We have also kept in place a fund balance of approximately \$2 million.

These were all difficult decisions that were assisted in part by a management audit of our four major departments. The draft audits conclude that the departments are well run and have little low hanging fruit for cost savings. As part of the audit, an analysis was done of the lack of equitable and appropriate funding the City receives from the State of New York. The report, entitled “Capital Punishment”, concludes that there is little the City can do to cut expenses without compromising services. But it highlights the fact that the City receives far less in per capita State Aid than other comparable cities, receives inadequate PILOT compensation for all of

the tax-exempt State-owned property, and receives no appropriate compensation for our Capital City status. In the months ahead, getting our State leaders to recognize these issues and increase State Aid payments to our City will be critical to our continued financial welfare. We must use the “Capital Punishment” report to redouble our efforts to pass our PILOT legislation on the Harriman Campus and to pass our proposal to spin-up 19-a payments and avoid the scheduled \$8 million payment reduction. If we are successful in this regard, that is if the State Legislature passes these bills and they are approved by the Governor, then many of the cuts contained in this budget – particularly in the areas of public safety personnel, in youth programming and in support for the arts, will be restored. And perhaps most importantly, we will use these monies to avoid future tax increases and further budgetary cuts to services and personnel.

I look forward to working with you on these issues and thank you for your anticipated support and for your support of this budget proposal.

Sincerely,

Gerald D. Jennings
Mayor

INTRODUCTION TO REVENUE AND EXPENDITURES

REVENUES AND EXPENDITURES

In the accompanying listings, each category of revenue and each major expenditure will be discussed. The categories used are those promulgated by the State Comptroller so that reporting among all localities is uniform.

REVENUES

Real Property Taxes

Revenues from real property taxes are appropriated at \$54,148,000.

Property Tax Items

Primarily consisting of payments in lieu of taxes, this category is expected to yield \$19,192,000 in 2011, a significant falloff from 2010 levels. The net decrease is attributed to a \$7,850,000 reduction in the annual payment the City receives from the amendment to Section 19-A of the Public Lands Law of the State of New York.

Non-Property Tax Items

The entire account is expected to yield \$32,039,000 during 2011. The largest component of this category is the City's portion of Sales tax, which is expected to total \$28.5 million and represents a \$600,000 decline from the amount budgeted in 2010. Also included in this category are projected income of \$2 million from the utilities gross receipts tax and \$1.3 million from the cable television franchise fee.

State Financial Assistance

This category includes Aid to Municipalities (AIM), which is expected to total \$12,865,000 for 2011, as well as monies from mortgage tax revenue, which is expected to yield \$1.5 million. During 2010, the State further reduced the City's expected Aid by 5% and again later in the year by another 1.1%. Coupled with the elimination of statutory increases, the cumulative impact for 2011 is a loss of more than \$8 million. In addition, this category expects \$1,395,000 for the Police Court Security program. Combined, these sources plus some miscellaneous income are expected to yield \$16,181,000.

Departmental Income

This category is composed of a variety of revenues including \$9.8 million in tipping fees from commercial haulers utilizing the City's waste facility, \$700,000 generated from the acceptance of petroleum contaminated soil which can be used as cover material and \$1,170,000 from fees generated by the Capital Hills at Albany golf course. In addition, the City expects \$240,000 from vital statistics fees and \$1,780,000 from a variety of other sources bringing the expected revenue from this category to \$13,690,000 in 2011.

Intergovernmental Income

The main component of this category is tipping fees from municipalities served by the Albany landfill, which is expected to yield about \$800,000 in 2011. An additional \$208,000 is projected from municipal contracts with the Albany Police Department computer aided dispatch system bringing the category total to \$1,008,000.

Use of Money and Property

Primarily consisting of interest earnings, which are dependent on market interest rates, this category is expected to yield income of about \$147,000 in 2011.

Licenses and Permits

This category consists of various user fees including building permits, street vending licenses, etc., the total of which is expected to yield \$1,984,000 in 2011.

Fines

The major source of income in this category is parking violation fines, which are expected to total \$2.6 million in 2011. Traffic violation/police court fines are expected to yield \$1.35 million and, coupled with parking ticket surcharges and various other fines, the entire category is expected to total \$5,240,000.

Sale of Property/Insurance Recoveries

This category, which includes the sale of property, excess material and self-insurance recoveries for Worker's Compensation, is expected to yield \$1,252,000 in 2011.

Miscellaneous Income

Primarily composed of reimbursable expenditures for Housing and Community Development, Economic Development administration, as well as police overtime for detail work at sites such as the Times Union Center, and income from federal and state grants, the entire category is estimated to provide \$8,944,000 in 2011.

EXPENDITURES

As with revenues, the accompanying printouts contain complete details of all expenditures forecast for 2011. A complete breakdown of expenditures by department is also shown listing salaries, fringe benefits, operating expenses and debt service payments.

Salaries

Salaries and benefits constitute about 76 percent of all expenditures. Excluding debt service, personal service costs account for 83 percent of estimated 2011 expenditures. The adopted budget does not provide any city-wide wage increases and eliminates dozens of positions that are noted in departmental budget narratives.

Fringe Benefits

Consisting of health insurance, retirement, Workers' Compensation, 207-a disability retirement, Social Security and some other miscellaneous expenses, this category is expected to cost the City about \$48,889,000 in 2011.

Operating Expenses

All expenditures of City government other than salaries, fringe benefits and debt service are in this category. Each department's budget shows the amounts authorized for such items as supplies, equipment, vehicles, repairs and a variety of contracts with private firms for services and maintenance of equipment, as well as costs related to street lighting, snow removal, waste collection and street repairs. Total expenditures in this category are projected at \$25,679,000 in 2011.

Debt Service

This expense reflects the amount of principal and interest payments on projects financed through borrowings. Included in the \$13,053,000 amount due for 2011 are monies for debt related to infrastructure improvements, the landfill and the golf course clubhouse lease. The 2011 budget utilizes \$5 million from the debt reserve fund to offset gross debt.

CAPITAL BUDGET

Capital budget requests for 2011 and the five-year capital plan are also enclosed. Although the five-year capital plan is a plan only and is subject to changes as needed over the years, the capital budget is a one-year proposal that should be reviewed as part of the financial authorization for 2011.

The 2011 capital program totals \$10,180,000 of which \$185,000 is funded through the operating budget, \$8,400,000 is expected to be borrowed and \$1,595,000 will come from other funds such as the Consolidated Highway Improvement Program (CHIPs) and federal and state grants. Included in this budget are monies for the landfill expansion, street reconstruction and a neighborhood revitalization fund.

FUND BALANCE

While the 2009 audit has been finalized, only part of the 2010 expenditures and revenues are known at this time. As such, it is estimated that the City will end the 2010 fiscal year with a fund balance of about \$8.1 million, of which, approximately \$6.1 million is planned to be appropriated toward the 2011 budget.

A7110 DEPARTMENT OF RECREATION

This department provides recreation and parks programs to youth and seniors in the City. For 2011, the Department will be responsible for the oversight of the Department of Youth and Workforce Services.

- **A714004 ALBANY TEEN CENTERS**

The City's teen centers give young people ages 8 to 19 an enjoyable social atmosphere with qualified adult supervision and counseling. The teen centers, which include the Arbor Hill Community Center, provide thousands of area young people with activities such as shuffleboard, volleyball, movies, basketball, table tennis and billiards. For 2011, the Youth Basketball Coordinator is eliminated. Also, three lifeguards have been transferred from Public Baths while eliminating the four existing lifeguards in this unit.

- **A7140 PLAYGROUNDS**

Playgrounds will be maintained by Administration staff.

- **A714005 ST. VINCENT'S COMMUNITY CENTER**

This unit will not be funded in 2011.

- **A714006 CITY BOXING PROGRAM**

The City Youth Boxing program provides area youths with a complete boxing, basketball and athletic program, and provides meeting space for citizen groups.

- **A7180 SWINBURNE RECREATION FACILITY**

Adjacent to Bleecker Stadium, Swinburne Park provides an all-weather protected ice-skating rink for City residents from November through April. Recreational activities include public skating, senior citizen sessions, youth hockey and skating instruction.

The Swinburne Park Recreational Area contains a wading pool; volleyball court; basketball area and picnic facilities along with a complete playground for use during the summer months.

- A718042 BLEECKER STADIUM

This stadium is a multi-purpose sports complex of ten acres. It includes a quarter-mile running track, a professional-size baseball diamond, a football-soccer-rugby field, a softball field, a large field house, stadium seating, and a modern lighting system. Bleecker Stadium is the home of the Albany Twilight League; it is the busiest sports complex in the area. For 2011, the following positions have been eliminated: Supervisor; three Laborer I's; and Recreation Aide.

- A718001 SWIMMING POOLS

The Lincoln Park Pool, built in 1930, was at one time the largest concrete pool in New York State. Together with two other City pools, it provides safe and supervised swimming to approximately 1,000 people per day free of charge during the summer months. In addition, there are six wading pools for children at various locations around the City that are visited by about 30,000 people annually.

- A718004 PUBLIC BATHS FACILITY

This unit will not be funded in 2011.

BW8310 WATER ADMINISTRATION

The administration unit is responsible for the water supply system of the City, which was completed in 1932. The department provides administrative and support staff for billing, finance, meter reading and customer services. In addition, it provides engineering services, formulates policy and oversees the day-to-day operations of the Water department units

- **BW8120 SEWER MAINTENANCE & BW8130 PUMPING STATIONS**

This unit is responsible for the operation and maintenance of the sewer collection system, consisting of 8,000 catch basins, 23 sewage pumping stations, approximately 20,000 sewer covers, and 900 miles of sanitary and combined sewers. Approximately 31,000 house lateral connections are attached to this system.

- **BW8320 SOURCE OF SUPPLY, POWER AND PUMPING**

The source of water for the Albany water system consists of two surface water supply reservoirs: the Basic Reservoir and the Alcove Reservoir, which are situated in the Helderberg Mountains approximately 20 miles southwest of the City. The Basic Reservoir contains normally 716 million gallons of water with a surface area of 265 acres, and is located in the Town of Westerlo. The Alcove Reservoir is the main supply reservoir and contains 13.5 billion gallons of water with a surface area of 1,436 acres, and is located in the Town of Coeymans. The City provides inspections and enforces watershed rules and regulations to protect the water supply of both reservoirs from contamination.

- **BW8330 PURIFICATION**

The Feura Bush Filtration Plant is located in the Town of Bethlehem and has a design capacity of 32 million gallons of water per day. A modern New York State certified water laboratory is maintained at the plant for both chemical and bacteriological analysis of the water. The plant tests 50 samples of water daily, and provides treatment to about 20 million gallons of water per day.

- **BW8340 TRANSMISSION AND DISTRIBUTION**

The transmission system consists of 43,965 feet of 48-inch conduits that carry raw water from the Alcove Reservoir to the Feura Bush Filtration Plant, and 58,374 feet of 48-inch supply conduits, which supply treated water from the Feura Bush Filtration Plant to the City's distribution system at the Loudonville Reservoir storage basins, which hold approximately 210 million gallons. This unit is also responsible for maintenance/repair of water mains, valves, hydrants and service connections and surface restorations.

- **BW8350 WATER AND SEWER CAPITAL EXPENDITURES**

Working with the Albany Water Board and Albany Municipal Finance Authority, monies in this account are set aside for major facility and infrastructure improvements to the City's water system.
